ABOUT: This advanced workshop offers an anatomy-based approach to surgical endometriosis management, covering ureteric, bowel, nerve, ovarian, and recurrent disease. Features expert lectures, video demonstrations, case discussions, and hands-on masterclasses. Focuses on surgical anatomy, decision-making, complication avoidance, and challenging cases including frozen pelvis and fertility preservation.

WHO SHOULD ATTEND: Minimally invasive gynecologists, endometriosis surgeons, fellows/trainees, reproductive surgeons, general gynecologists, and multidisciplinary surgical teams.
Learn directly from international experts and gain practical techniques for daily clinical practice.

PRICE: Lecture: SGD 200 | Lecture + Hands-on: SGD400

**Prices exclude 9% GST*
